CATEGORY | AUTO PARTS & ACCESSORIES

COMPANY LOGO

COMPANY PROFILE

Exporient Middle East is part of KAR Group, one of the largest importers and distributors of automotive spare parts and undercarriage equipment of passenger and commercial vehicles since 1964. Combined with our business associates, we serve most of the Gulf region with local offices in the UAE (Headquarter), Saudi Arabia, Kuwait and Germany (central logistics office).

Playing a significant role in the commercial market, we cater our retail and wholesale patrons with a wide range of products and high quality technical support & service. Our major products includes vehicle cooling/radiator equipment & components, commercial head lights, sensors & gauges, electric & electronic components, shock absorbers, braking and control systems.

Our comprehensive supply base and exclusive distributorship rights with our partners offer us an advantage to supply high quality spare parts at the most competitive value. German manufacturers include: Hella, Wabco, Behr, BTT, BPW, Bilstein.

Our team of experts has over 40 years of experience. Our professional management team and trained customer-service oriented sales personnel are highly qualified to meet the needs of our clientele.

COMPANY PRODUCTS / SERVICES

BEHR

Behr is one of the world's leading manufacturers of vehicle cooling/heating, air conditioning equipment & components. Present in several countries, BEHR manufactures original equipment for a wide range of light & commercial vehicles.

BEHR THERMOTRONIC

BEHR Thermotronic, the high quality equipment for the management of thermal systems. Small cars & luxury limousines, station wagons, convertibles, vans & trucks operate with BEHR equipment on board. Behr's brand leads technologically worldwide for vehicle climate control and engine cooling, with full guarantee of quality.

BILSTEIN

Bilstein has been a unique and driving force in the automotive suspension industry. Bilstein was first to apply the patented gas pressure principle to controlling ride characteristics on automobiles, and introduced the world's first monotube gas pressure shock absorber. Today, Bilstein continues to be the leader in monotube gas pressure shock absorber technology.

BWP

Established in 1898, BPW is a major driving force in the world of commercial vehicles. We are the leading manufacturer of axles and running gear systems for trailers and semitrailers. We provide creative & highly innovative concepts and solutions which we implement with expertise at an outstanding price/performance ratio.

HELLA

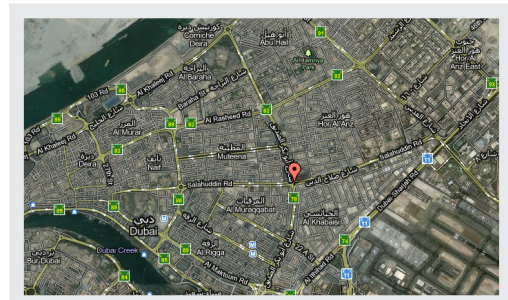

Lights, Electrics and Electronics for the automotive and commercial industry as well as parts supplies to the aftermarket, are the core business fields of Hella, with its group headquarters in Lippstadt, Germany. Hella ranks as one of the 100 largest German industrial companies.

WABCO

WABCO is a leading manufacturer and supplier of safety, control and brake systems for commercial vehicles. Wabco invented ABS in 1980 as well as EBS in 1991. For over 140 years, WABCO has pioneered breakthrough electronic, mechanical and mechatronic technologies for braking, stability, and transmission automation systems supplied to the world's leading commercial truck, trailer, and bus manufacturers.
